### Self-Survey Attestation

As [Director/Administrator] of this facility, I attest that this facility meets all applicable local, state, and federal laws, regulations, rules, and codes (“Applicable Law”), including zoning and construction codes and regulations and Certificate of Need requirements. I further acknowledge that wherever Applicable Law differs from QUAD A Standards, the stricter is applicable, whether it is the Applicable Law or the QUAD A Standard. Wherever Applicable Law conflicts with QUAD A Standards, the Applicable Law supersedes the QUAD A standard. In other words, if the Applicable Law *expressly prohibits* the action the QUAD A standard requires, the Applicable Law will supersede the QUAD A standard.

In compliance with QUAD A’s requirement for a self-survey to be conducted annually between routine onsite surveys conducted by QUAD A Surveyors (Standard 1-B-8), I further attest that our staff has conducted a thorough self-assessment of our facility based on:

- all applicable QUAD A standards according to the program in which we are enrolled using the checklist provided,
- the anesthesia class (as applicable),
- any geographically specific standards, and
- any other standards implementation that applies to our facility.

I also attest that we have compiled a comprehensive “Accreditation File” (including accurately recorded determinations of compliance with each standard, completed plans of corrective action based on our self-assessment, and documented evidence of corrections for any citations) and incorporated our findings and lessons learned into our quality assurance and quality improvement process. We will maintain a copy of the complete Accreditation File for a minimum of 3 years and make the same available to QUAD A surveyors at any onsite surveys.

Furthermore, I authorize QUAD A to release accreditation reports and corrective action plans to the state competent government authority for the jurisdiction(s) in which this facility is located upon request.
