Global Accreditation Certification Application for QUAD A Accredited Facilities

If you are an QUAD A accredited facility and are currently seeing international patients or want to attract international patients, you are eligible for QUAD A Global Accreditation. By becoming a certified globally accredited facility, you will be listed on our QUAD A International website and your contact information will be seen by prospective patients around the world! Additionally, some specialty societies promote QUAD A Global Accredited Facilities.

If you are in good standing with your QUAD A accreditation and would like to register your facility to this **voluntary program**, please complete this form and submit the appropriate fee. Once your facility is Globally Certified, an annual renewal invoice of \$50 will be included in the renewal packet sent to your facility.

You can cancel the Global Accreditation Certification at any time; this will not affect your current QUAD A accreditation.
